BID PRICE DETERMINATION

(Prior to bidding, see AWARD condition on page 9 of this sale.) Please predicate your bid on:

Unclassified Ferrous Scrap Metal: Pricing for these items will be determined as follows: Use the AMERICAN METAL MARKET index – Consumer buying price – Philadelphia – No. 1 Heavy Melt – cover page High price – per gross ton (2240 lbs.)

Your bid will reflect the dollar differential (+ or -) you are willing to pay against that index’s gross ton published price. This differential shall remain constant for the term of the contract. The AMM index price for the first Monday of each month will govern the prices being billed for pickups made within that month. If a pickup is made within a month, whereas the AMM index for the first Monday of the month has yet to be published, then the previous month’s price will be used in determining the amount invoiced.

A bid shall not be considered for award nor shall any award be made where (1), (2) and (3) above have not been complied with; provided however, that if in any case the bidder cannot make the foregoing certification, the bidder shall so state and shall furnish with the bid a signed statement which sets forth in detail the reasons therefore. Where (1), (2) and (3) above have not been complied with, the bid shall not be considered for award nor shall any award be made unless the head of the purchasing unit of the state, public department or agency to which the bid is made, or his designee, determines that such disclosure was not made for the purpose of restricting competition.

The fact that a bidder (a) has published price lists, rates, or tariffs covering items being procured, (b) has informed prospective customers of proposed or pending publication of new or revised price lists for such items, or (c) has sold the same items to other customers at the same price being bid, does not constitute, without more, a disclosure within the meaning of paragraphs (1), (2) and (3) above.

Any bid hereafter made to any public authority or to any official of any public authority created by the state or any political subdivision by a corporate bidder for work or services performed or to be performed or goods sold or to be sold, where competitive bidding is required by statute, rule, regulation or local law and where such bid contains the certification referred to in subdivision one of the section, shall be deemed to have been authorized by the board of directors of the bidder and such authorization shall be deemed to include the signing and submission of the bid and the inclusion therein of the certificate as to non-collusion as the act and deed of the corporation.
