**RFP #24C11**  
**Off-Site Occupational Medical Services for New York Division**

**Authority Responses to Written Questions**  
**September 4, 2024**

On August 8, 2024, the New York State Thruway Authority (“Authority”) issued a Request for Proposals (RFP) #24C11 for Off-Site Occupational Medical Services for New York Division. Pursuant to the RFP, all prospective Proposers were given an opportunity to submit written questions concerning this RFP to the Authority by August 21, 2024.

The Authority received the following questions and submits the following responses in accordance with Section 1.4 of the RFP.

1. **Company Size Requirement:** Could you please confirm if there is a minimum number of individuals or a specific structure required within a company, such as an LLC, in order to be eligible to submit a proposal for this contract?

RESPONSE: The RFP does not have a requirement for the minimum number of individuals or a specific company structure. However, the RFP does have minimum qualifications, see RFP Section 2.2 – Minimum Qualifications.

2. I received the above RFP and had a question. We had submitted a proposal for the last time this RFP was released, and we have locations in the Bronx. We do not have anything in the other area, and I wanted to ask if we would still be eligible for consideration and if we should submit a proposal.

RESPONSE: Please see RFP Section 2.2 – Minimum Qualifications and Section 2.4 – Fee Proposal. For RFP 24C11 vendors can choose to submit a proposal for both Northern NY Division and Southern NY Division or vendors can submit a proposal for just one division. Proposers are required to submit a separate fee proposal form for each division they are proposing.

3. Would we be considered if we only have one location within one county and can only service that one county within that one division?

RESPONSE: Yes.

4. We only have 1 location in Farmington NY which is Ontario County. Does this prevent us from being able to bid on this proposal?

RESPONSE: RFP Section 2.2-Minimum Qualifications states, “In order to submit a proposal for the Northern NY Division, the Proposer must have at least 1 facility located in one of the Northern NY Division counties listed in Section 2.1 above. In order to submit a proposal for the Southern NY Division, the Proposer must have at least 1 facility located in one of the Southern NY Division counties listed in Section 2.1 above.”

**EXCEPTIONS TO TERMS AND CONDITIONS:**

The Authority did not receive any requests for exceptions to terms and conditions.

## ARTICLE I - Background/Administrative Matters

### Section 1.1 - Background

The New York State Thruway Authority is seeking proposals from experienced and qualified organizations, either directly or through subcontracts with qualified organizations, to perform the entire scope of Off-Site Occupational Medical Services.

The Thruway Authority is a public corporation organized and existing pursuant to Article 2, Title 9 of the New York State Public Authorities Law for the purpose of financing, constructing, reconstructing, improving, developing, maintaining and operating a highway system known as the Governor Thomas E. Dewey Thruway. The powers of the Thruway Authority are vested in and exercised by a seven-member Board appointed by the Governor with the advice and consent of the State Senate.

The Thruway is a 570-mile superhighway system crossing the State. It is the longest toll superhighway system in the United States. The Thruway route from the New York City line to the Pennsylvania line at Ripley is 496 miles long and includes the 426-mile mainline connecting New York City and Buffalo, the State's two largest cities. Other Thruway sections make direct connections with the Connecticut and Massachusetts Turnpikes, New Jersey Garden State Parkway and other major expressways that lead to New England, Canada, the Midwest and the South. In 1991 the Cross-Westchester Expressway was added to the Thruway system. In all, the Thruway is comprised of 2843 lane miles of roadway, 817 bridges, over 300 buildings, 134 interchanges, 35 tandem areas, 27 service areas, 3 welcome centers, nearly 120 water service facilities, 3 water treatment plants, 16 wastewater treatment plants and 40 motor fueling stations for Authority vehicles and equipment. Operationally, the Authority is segmented into four regional divisions – New York, Albany, Syracuse and Buffalo – with the Administrative Headquarters located in Albany.

For the purposes of this Request for Proposals ("RFP"), the term "Authority" shall mean the New York State Thruway Authority.

## **ARTICLE II – Services Requested**

### **Section 2.1 – Background**

The Authority is seeking one or more qualified firms to perform Off-Site Occupational Medical Services to ensure the Authority's compliance with state and federal safety guidelines as prescribed by Occupation Safety and Health Administration ("OSHA"). The Services shall be performed on an as-needed basis for the Authority's New York Division. Services must be performed off-site at the Proposers Facility locations. For the purposes of obtaining the Services, the Authority has divided the New York Division into two geographic locations; Northern NY Division and Southern NY Division.

#### Northern NY Division:

The Northern NY Division consists of the following counties: Ulster, Sullivan, Dutchess and Orange County.

#### Southern NY Division:

The Southern NY Division consists of the following counties: Putnam, Westchester, Rockland, and Bronx County.

Proposers should explicitly understand that being selected as a contractor pursuant to this RFP does not guarantee that the Authority shall request that any of the Services be performed.

### **Section 2.2 – Minimum Qualifications**

Proposers may choose to submit a proposal for the Northern NY Division and/or the Southern NY Division. A proposer may submit a proposal for both the Northern NY Division and the Southern NY Division, but each proposal must be submitted individually. In order to submit a proposal for the Northern NY Division, the Proposer must have at least 1 facility located in one of the Northern NY Division counties listed in Section 2.1 above. In order to submit a proposal for the Southern NY Division, the Proposer must have at least 1 facility located in one of the Southern NY Division counties listed in Section 2.1 above. The Proposer must use Attachment 3 – Proposer Facility Locations, to list the addresses and counties of the proposer's facilities where the services will be performed.

### **Section 2.3 – Scope of Services**

#### **Occupational Health Services**

Medical monitoring of employees who may be exposed to chemical, biological and/or physical hazards is conducted for individuals in a variety of job titles and for many types of hazard exposures including: solvents, lead, heavy metals, silica, asbestos, HIV, TB, rabies, hepatitis, noise, and radiation. Examinations to determine an individual worker's ability to wear personal protective equipment, such as a respirator, are also conducted. Typical examinations may include a medical/occupational history, complete physical examination, routine blood and hearing tests, and pulmonary function tests. The Proposer's medical examiner will determine whether the employee has developed an occupationally related illness and make recommendations for further evaluation and/or remediation. All testing will be done at Proposer's facility.

#### **2.3.1 Respiratory Medical Clearance**

The primary method of medical evaluation used by the Proposer will be a review of an OSHA Respirator Medical Evaluation Questionnaire. 29 CFR 1910.134 allows for the medical evaluation to be performed by a physician or other licensed health care professional ("PLHCP") utilizing a questionnaire that is the same as or equivalent to 29 CFR 1910.134 Appendix C or by an initial medical examination that obtains the same information as the medical questionnaire.

The Proposer, in reviewing medical questionnaires, shall consider all respiratory equipment that the Authority typically supplies its employees. This equipment includes but may not be limited to: half-face and full-face negative pressure air purifying respirators; powered air purifying respirators (“PAPR’s”) with one of the following: a face sealing mask, a welding helmet, a shroud that is snug to the neck, or a loose-fitting hood or helmet. PLHCP will complete “Respirator Use Medical Evaluation TA-N3707” (Attachment 1) and “Respirator Fit Test” TA-N3708 (Attachment 2).

### **2.3.2 Respirator Fit testing**

Respirator fit testing shall be performed to meet requirements set forth in 29 CFR 1910.134 and its appendices. The Proposer must be able to perform either quantitative or qualitative fit testing; however, the preferred method of fit testing is quantitative.

### **2.3.3 Blood Lead Testing (including zinc protoporphyrin)**

The Proposer shall provide on-site blood drawing capabilities for the purpose of blood lead monitoring. Testing must adhere to stipulations set forth in 29 CFR 1910.1025 and its appendices. Test results shall be supplied to the New York State Department of Health as required by regulation.

### **2.3.4 Audiometric Testing**

The Proposer shall perform audiometric testing in accord with 29 CFR 1910.95. The Proposer shall provide a testing summary of all workers tested at each location and a report summarizing the testing results of all the employees. For each employee tested, the Proposer shall prepare an audiometric test record that includes the employee’s name and job classification, the date, the examiner’s name, the date of the acoustic or exhaustive calibration, measurements of the background sound pressure levels in the testing area, and the employee’s most recent noise exposure measurement. For employees noted to have a Standard Threshold Shift (“STS”), the Proposer will prepare the following:

- Individual summary and STS notification letter for each employee.
- STS report
- OSHA Recordable Shift report

### **2.3.5 Medical, work history, and physical evaluation with emphasis on respirable crystalline silica**

PLHCPs who manage silica medical surveillance programs must have a thorough understanding of silica-related diseases and health effects. At each clinical encounter, the PLHCP should consider silica-related health outcomes, with particular vigilance for acute and accelerated silicosis. The required components of medical surveillance are under OSHA 29 CFR 1926.1153 Appendix B. PLHCPs will assess medical and work history, with an emphasis on: past, present, and anticipated exposure to respirable crystalline silica, dust, and other agents affecting the respiratory system; any history of respiratory system dysfunction, including signs and symptoms of respiratory disease (e.g., shortness of breath, cough, wheezing); history of TB; and smoking status and history.

The respirable crystalline silica standard should be reviewed, along with additional guidance and recommendations for PLHCPs performing medical surveillance examinations for silica-exposed employees.

### **2.3.6 Pulmonary function testing**

Pulmonary function testing must be performed on the initial examination and every three years thereafter. The required pulmonary function test is spirometry and must include forced vital capacity (“FVC”), forced expiratory volume in one second (“FEV1”), and FEV1/FVC ratio. Testing must be administered by a spirometry technician with a current certificate from a National Institute for Occupational Health and Safety (“NIOSH”) approved spirometry course.

### **2.3.7 Chest X-ray**

The OSHA 29 CFR 1926.1153 Appendix B respirable crystalline silica standard also requires a posteroanterior (“PA”) radiographic projection or radiograph of the chest at full inspiration recorded on either film (no less than 14 x 17 inches and no more than 16 x 17 inches) or digital radiography systems. A chest X-ray must be performed on the initial examination and every three years thereafter. The chest X-ray must be interpreted and classified according to the International Labour Office (“ILO”) International Classification of Radiographs of Pneumoconiosis by a NIOSH-certified B Reader. If the B reading indicates small opacities in a profusion of 1/0 or higher, the employee must receive a recommendation for referral to a Board-Certified Specialist in Pulmonary Disease or Occupational Medicine.

### **2.3.8 Tuberculosis (“TB”) testing**

Baseline testing for tuberculosis on initial examination. Current CDC guidelines must be followed for the application and interpretation of Tuberculin skin tests (“TST”). The interpretation and documentation of TST reactions must be performed within 48 to 72 hours of administration by trained PLHCPs. Employees with positive TB tests and those with indeterminate test results must be referred to the appropriate agency or specialist. Active TB is a nationally notifiable disease. PLHCPs must be aware of the reporting requirements for their region.

PLHCPs may use alternative TB tests, such as interferon- $\gamma$  release assays (IGRAs), if sensitivity and specificity are comparable to TST. PLHCPs can consult the current CDC guidelines for acceptable tests for latent TB infection.

### **2.3.9 Hepatitis B Vaccination**

Proposer shall provide Hepatitis B Vaccination or blood testing for requested individuals. Proposer shall perform Blood test for Hepatitis B Surface Antibody, Surface Antigen and Core Antibody as required.

### **2.3.10 Documentation**

Proposer shall retain and safeguard individual medical records, including any confidential information received for services pursuant to this Agreement, as prescribed by law. Proposer agrees that it shall immediately report to the Authority the discovery of any unauthorized use or unauthorized disclosure of any confidential information. The Authority may terminate the Agreement immediately for cause if it determines that the Contractor has violated a material term of this provision or Section 6.9., Confidentiality and Non-Disclosure. Upon request, Proposer shall provide copies of medical records to the Thruway Authority designated health records repository in accordance with Health Insurance Portability and Accountability Act (“HIPAA”). Proposer shall supply any forms and documentation as directed by OSHA. After termination of the Agreement, Proposer agrees not to retain any confidential information which is prohibited from disclosure pursuant to law.

## **Section 2.4 – Fee Proposal**

Proposers must use the Fee Proposal Form (Attachment 4), to submit their pricing for the Geographic location being proposed. Proposers must indicate on the form the geographic location being proposed; Northern NY Division or Southern NY Division as specified in Section 2.1 above. The Grand Total proposed will be used to evaluate the Proposer's fee.

The Authority is requiring a per test cost that includes all tests (Sections 2.3.1 - 2.3.9 above). Each test provided should have a set fee and the fee shall be fixed for each year of the four-year term of the agreement.

Proposals submitted for Services for either the Northern NY Division or the Southern NY Division shall be evaluated separately.

Furthermore, in accordance with State Labor Law §220-e, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, disability, sex or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and

11. **EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN.** In accordance with State Executive Law §312, if this contract is: (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of \$25,000, whereby the Authority is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the Authority; or (ii) a written agreement in excess of \$100,000 whereby the Authority is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of \$100,000 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, or major repair or renovation of real property and improvements thereon for such project, then the following shall apply and by signing this contract the Contractor certifies and affirms that it is Contractor's equal employment opportunity policy that:

(a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability, or marital status, and shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on Authority contracts and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal

employment opportunities without discrimination. As used in this clause, "affirmative action" shall mean recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, lay-off or termination, and rates of pay or other forms of compensation.

(b) At the request of the Authority, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status, and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that in the performance of this contract all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

The Contractor shall include the provisions of (a), (b) and (c) above in every subcontract over \$25,000 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon except where such work is for the beneficial use of the Contractor. Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The Authority will consider compliance by a Contractor or its subcontractor with the requirements of any Federal law concerning equal employment opportunity which effectuates the purpose of this section. The Authority shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such Federal law, and if such duplication or conflict exists, the Authority may waive the applicability of §312 of the Executive Law to the extent of such duplication or conflict. The Contractor shall comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development's Division of Minority and Women's Business Development pertaining thereto.

**12. CONFLICTING TERMS.** In the event of a conflict between the terms of the contract (including any and all attachments thereto and amendments thereof) and the terms of this Appendix A, the terms of this Appendix A shall control.

**13. GOVERNING LAW.** This contract shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

**14. LATE PAYMENT.** Timeliness of payment and any interest to be paid to the Contractor for late payment shall be governed by State Public Authorities Law §2880 and 21 NYCRR Part 109.

**16. SERVICE OF PROCESS.** In addition to the methods of service allowed by the State Civil Practice Law & Rules, the Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon the Contractor's actual receipt of process or upon the Authority's receipt of the return thereof by the United States Postal Service as refused or undeliverable. The Contractor must promptly notify the Authority, in writing, of each and every change of address to which service of process can be made. Service by the Authority to the last known address shall be sufficient. The Contractor will have thirty (30) calendar days after service hereunder is complete in which to respond.

**17. PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS.** The Contractor certifies and warrants that all wood products to be used under this contract will be in accordance with, but not limited to, the specifications and provisions of State Finance Law §165 (Use of Tropical Hardwoods) which prohibits purchase and use of tropical hardwoods, unless specifically exempted, by the State or any governmental agency or political subdivision or public benefit corporation. Qualification for an exemption under this law will be the responsibility of the Contractor to establish to meet with the approval of the Authority.

In addition, when any portion of this contract involving the use of woods, whether supply or installation, is to be performed by any subcontractor, the prime Contractor will indicate and certify in the submitted bid proposal that the subcontractor has been informed and is in compliance with specifications and provisions regarding use of tropical hardwoods as detailed in State Finance Law §165. Any such use must meet with the approval of the Authority; otherwise, the bid may not be considered responsive. Under bidder certifications, proof of qualification for exemption will be the responsibility of the Contractor to meet with the approval of the Authority.

**18. MACBRIDE FAIR EMPLOYMENT PRINCIPLES.** In accordance with the MacBride Fair Employment Principles (Chapter 807 of the Laws of 1992), the Contractor hereby stipulates that the Contractor either (a) has no business operations in Northern Ireland, or (b) shall take lawful steps in good faith to conduct any business operations in Northern Ireland in accordance with the MacBride Fair Employment Principles (as described in State Finance Law §165), and shall permit independent monitoring of compliance with such principles.

(d) The Contractor acknowledges notice that the Authority may seek to obtain offset credits from foreign countries as a result of this contract and agrees to cooperate with the Authority in these efforts.

**20. RECIPROCITY AND SANCTIONS PROVISIONS.** Bidders are hereby notified that if their principal place of business is located in a country, nation, province, state or

political subdivision that penalizes New York State vendors, and if the goods or services they offer will be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapters 684 and 383, respectively) require that they be denied contracts which they would otherwise obtain. Contact the Department of Economic Development, Division for Small Business, 30 South Pearl Street, Albany, New York 12245, for a current list of jurisdictions subject to this provision. NOTE: As of October 2019, the list of discriminatory jurisdictions subject to this provision includes the states of South Carolina, Alaska, West Virginia, Wyoming, Louisiana and Hawaii.

**21. NON-PUBLIC PERSONAL INFORMATION.** The Contractor shall comply with the provisions of the New York State Information Security Breach and Notification Act (General Business Law §899-aa; State Technology Law §208). In addition to any relief or damages that may be imposed pursuant to the provisions of this Act, the Contractor shall be liable for the costs imposed upon the Authority which are associated with breach of the Act if caused by Contractor's negligent or willful acts or omissions, or the negligent or willful acts or omissions of the Contractor's agents, officers, employees or subcontractors.

**22. IRAN DIVESTMENT ACT.** In accordance with State Public Authorities Law §2879-c, if this is a contract for work or services performed or to be performed, or goods sold or to be sold, the Contractor subscribes and affirms, under penalty of perjury, that: by signing this contract, each person and each person signing on behalf of any other party certifies, and in the case of a joint bid or partnership each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each person is not on the list created pursuant to paragraph (b) of subdivision 3 of §165-a of the State Finance Law, entitled "Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012" ("Prohibited Entities List") posted at: <https://ogs.ny.gov/list-entities-determined-be-non-responsive-biddersofferers-pursuant-nys-iran-divestment-act-2012>.

For the purposes of this clause, the term "person" shall be as defined in subdivision (1)(e) of §165-a of the State Finance Law.

Contractor further certifies that it will not utilize on this contract any subcontractor that is identified on the Prohibited Entities List. Contractor agrees that should it seek to renew or extend this contract, it must provide the same certification at the time the contract is renewed or extended. Contractor also agrees that any proposed Assignee of this contract will be required to certify that it is not on the Prohibited Entities List before the contract assignment will be approved by the Authority.

During the term of the contract, should the Authority receive information that a person (as defined in State Finance Law § 165-a) is in violation of the above-referenced certifications, the Authority will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then the Authority shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

**23. OBSERVANCE OF LAWS.** The Contractor agrees to observe all applicable Federal, State and local laws and regulations, and to procure all necessary licenses and permits.

**24. NO WAIVER OF PROVISIONS.** The Authority's failure to exercise or delay in exercising any right or remedy under this contract shall not constitute a waiver of such right or remedy or any other right or remedy set forth therein. No waiver by the Authority of any right or remedy under this contract shall be effective unless made in a writing duly executed by an authorized officer of the Authority, and such waiver shall be limited to the specific instance so written and shall not constitute a waiver of such right or remedy in the future or of any other right or remedy under this contract.

**25. ENTIRE AGREEMENT.** This contract, together with this Appendix A and any other appendices, attachments, schedules or exhibits, constitutes the entire understanding between the parties and there are no other oral or extrinsic understandings of any kind between the parties. This contract may not be changed or modified in any manner except by a subsequent writing, duly executed by the parties thereto.

**26. ADMISSIBILITY OF REPRODUCTION OF CONTRACT.** Notwithstanding the best evidence rule or any other legal principle or rule of evidence to the contrary, the Contractor acknowledges and agrees that it waives any and all objections to the admissibility into evidence at any court proceeding or to the use at any examination before trial of an electronic reproduction of this contract, in the form approved by the State Comptroller, if such approval was required, regardless of whether the original of said contract is in existence.

**27. CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS.** To the extent this agreement is a contract as defined by Tax Law § 5-a, if the Contractor fails to make the certification required by Tax Law § 5-a or if during the term of the contract, the Department of Taxation and Finance or the Authority, as defined by Tax Law § 5-a, discovers that the certification, made under penalty of perjury, is false, then such failure to file or false certification shall be a

material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if the Authority determines that such action is in the best interest of the Authority.

**28. CONTRACT INVOLVING STEEL PRODUCTS.** Contracts involving steel products are subject to Public Authorities Law § 2603-a, and steel products to be provided or incorporated by Contractor must be produced or made in whole or substantial part in the United States as set forth therein.

### Inventions Policy

 <p style="text-align: center;"><b>GENERAL POLICY</b></p>	SECTION TITLE	NUMBER <b>25-1-10</b>
	<b>POLICIES – ADMINISTRATIVE</b>	
APPROVED  <b>BOARD MEETING NUMBER: 651</b> <b>RESOLUTION NUMBER: 5519</b> <b>DATE: July 6, 2006</b>	SUBJECT  <b>INVENTIONS – THRUWAY AUTHORITY</b>	

GENERAL POLICY

A. PURPOSE

The New York State Thruway Authority ("Authority") recognizes that inventions of value to the public will be made by persons working in its facilities. The purpose of this Policy is to encourage creativity and to take appropriate steps to ensure that the public receives the benefits of inventions conceived or reduced to practice by Authority employees and contractors. Appropriate steps include identifying inventions, securing appropriate patents and copyright registrations, and marketing inventions through licensing and other arrangements. These activities are undertaken in a spirit of cooperation with governmental agencies, private enterprise and staff as part of the Authority's mission and statutory obligations.

B. SCOPE

This Policy shall apply to all of the Authority's employees and contractors, provided that nothing herein shall preclude the contractor from otherwise using the related or underlying general knowledge, skills, ideas, concepts, techniques and experience developed under a project in the course of the contractor's business.

C. POLICY

All inventions, as defined below, shall be the property of the Authority. The inventor, when so instructed by Authority officials, shall make timely application for statutory protection (such as patent, copyright or similar forms of protection) of an invention at the Authority's expense. The inventor shall assign all resulting statutory protection to the Authority. Additionally, the Authority shall have all rights to all inventions conceived or reduced to practice in the course of projects under contract to the Authority.

1. Invention

For the purposes of this Policy, an "invention" shall include products, technical innovations, improvements, inventions, discoveries, devices, methods, computer software, videos, as well as writings and other information in various forms not generally known, whether or not protectable by patent or copyright, when they result from Authority work performed by the inventor, or when they are conceived or reduced to practice by persons using Authority equipment, facilities, time, material, money or personnel.

2. Inventor

An inventor is an employee, former employee, contractor or former contractor of the Authority who conceives of an invention, as defined above, or who reduces such invention to practice. The intent of this Policy is to include former employees and former contractors as inventors with respect to inventions they conceived or reduced to practice while employed by, or under contract to, the Authority.

D. IMPLEMENTING PROVISIONS

1. Disclosure of Invention

Inventions are considered trade secrets of the Authority and are thereby designated as confidential. Inventions must be promptly disclosed to the Authority and shall not be published or disclosed to anyone outside the employ of the Authority without written permission from the Authority.

2. Copyright

The inventor, or author, when so instructed by the Authority or when the inventor, or author, deems it appropriate, shall put a copyright notice on computer software, written procedures, manuals, videos and other information in various forms by including the word "Copyright", the year of first publication and "New York State Thruway Authority" on the material.

3. Ownership of Patents and Copyrights

The inventor shall assign all inventions, applications for patent protection, copyrights and registrations to the Authority and shall execute all other required documents to pursue applications and to vest title in the Authority. The processing costs for obtaining patent or copyright protection shall be the responsibility of the Authority (except see 4 below). When a question is raised regarding ownership of an invention, the matter shall be referred to the Executive Director of the Authority or the Executive Director's designee. The Executive Director or designee shall review the circumstances under which the invention was made. If the Executive Director or designee determines that the invention is not covered by this Policy, the Authority will assert no claim to the invention and will advise the inventor accordingly in writing.

4. Release of Invention to Inventor

The Executive Director or designee will decide whether or not to patent and whether or not to commercialize any invention. The inventor will be notified if it is determined that the Authority will not apply for patent protection for an invention. The inventor may then request in writing that the invention be released. If the request is granted, all of the Authority's rights to the invention shall be released to the inventor, subject to a reservation by the Authority of a nonexclusive, irrevocable, paid-up license to practice or use the invention or to have the invention practiced or used on behalf of the Authority. Such license shall include the right to grant sublicense(s) to other government entities. The inventor may then apply for patent protection at the inventor's own expense.

5. Administration of Policy

The Executive Director may interpret, implement and administer this Policy, including the development of operational and/or administrative procedures necessary to carry out its intent. In addition, the Executive Director or designee shall have the authority to waive the application of all or any portion of this Policy where it is in the Authority's best interests. Any such waiver shall be in writing.

## APPENDIX D

### Network Connection Requirements

**NEW YORK STATE THRUWAY AUTHORITY**  
**NETWORK CONNECTION REQUIREMENTS**

**A. Permissible Access**

The Authority will limit access to a Network Connection to those services and devices (hosts, routers, etc.) needed. Blanket access will not be provided.

The Authority does not allow a Network Connection to be used as Outside Entity's Internet connection.

**B. Connectivity Options**

The following connectivity options are the standard methods of providing an Outside Entity with an external connection to the Authority's data communications network ("Network Connection"). Anything that deviates from these standard methods must be approved in advance by the Authority.

- 1) Encrypted Tunnel – The preferred connectivity method is via the Internet to an Authority Virtual Private Network (VPN) device. The Authority may loan Outside Entity the required client software for establishing VPN connections with the Authority. The Authority's perimeter security measures will control access to the internal network.
- 2) NYeNet/MAN Connection – This can include a VPN.
- 3) Leased Circuit.
- 4) Fiber.

**C. Authentication of Network Connection**

Outside Entity must authenticate its Network Connection using Authority authentication systems. All Outside Entity remote access user accounts will have an expiration time consistent with the business justification for the access, which can be renewed at the discretion of the Authority. If the contract term is longer than one year, then Outside Entity must generate a report at least once per year showing which Outside Entity employees have access to the Network Connection and send such report to the Authority for verification and review. Further, any time there is a change in those Outside Entity employees who have access to the Network Connection, Outside Entity shall send the Authority an updated list of those Outside Entity employees who have such access.

**D. Current Software Versions Required**

Outside Entity must, for all computers it utilizes for a Network Connection, employ software versions that are currently supported by the software manufacturer. Outside Entity must apply all available security updates and hot fixes for that software in a timely fashion.

All Outside Entity software and firmware utilized for a Network Connection must be kept up to date, especially with patches that fix security vulnerabilities.

## NEW YORK STATE THRUWAY AUTHORITY

### **E. Virus Protection**

Outside Entity must install and enable anti-virus software on all computers utilized for a Network Connection and keep such virus definition files up to date.

### **F. Protection of Authority Information and Resources**

The Authority will implement all security measures it determines appropriate to protect the integrity and confidentiality of Authority confidential information.

The Authority will implement appropriate "Access Control Lists" (ACLs) on the Authority network devices to which the Outside Entity sites are connected. The ACLs will restrict access to pre-defined hosts within the internal Authority network.

In the event the Authority agrees to loan to Outside Entity certain Authority equipment and/or software ("Authority-owned Equipment") to facilitate the Network Connection, the Authority will provide Outside Entity with enable-level access only to those Outside Entity employees necessary to the installation, operation and maintenance of the Network Connection. All other Outside Entity employees will have restricted access/read-only access to the routers at their site and will not be allowed to make configuration changes.

Outside Entity shall be solely responsible for providing the appropriate security measures to ensure protection of its internal network and information. The Authority shall not have any responsibility for ensuring the protection of Outside Entity information.

### **G. Security Incident Notification and Resolution**

Outside Entity is responsible for notifying the Authority upon discovery of any security incident that may threaten or compromise the confidentiality, integrity or availability of Authority information or network infrastructure. Outside Entity shall, at a minimum, report the following to the Authority: 1) successful or unusually persistent attempts to gain unauthorized information or system access; 2) presence of malicious code that has a widespread impact throughout Outside Entity's network infrastructure; 3) a known or suspected denial of service attack; and 4) scans and probes that precede or are related to a security incident listed above.

Once it has resolved the security incident, Outside Entity must also report the following to the Authority: 1) attack source details (i.e., IP address, method, vulnerability exploited, etc.); 2) the specific effects (i.e., loss, damage, destruction, modification, disclosure) on systems, accounts or information assets resulting from the threat or compromise; and 3) actions taken to remediate the security incident.

**NEW YORK STATE THRUWAY AUTHORITY**

**H. Audit and Review of Outside Entity Network Connections**

The Authority shall have the right at all times to monitor all aspects of Network Connections. The Authority will employ automated tools to accomplish monitoring tasks where practicable. The Authority will generate an annual report on its authentication database showing the specific Outside Entity login entries and distribute such reports to appropriate Authority personnel for review. The Authority will periodically audit Network Connections and distribute such audits to appropriate Authority personnel for review.

The Authority will review all Network Connections on an annual basis and update or terminate such connections when appropriate.

## EXHIBIT 1

Thruway Authority Guidelines Regarding Permissible  
Contacts During a Procurement and  
the Prohibition of Inappropriate Lobbying Influence

New York State Thruway Authority

**Guidelines Regarding Permissible Contacts During a Procurement and the Prohibition of Inappropriate Lobbying Influence**

Chapter 1 of the Laws of 2005, as amended (referred to as the “Lobbying Law”), enacted major changes to the Legislative Law and State Finance Law relative to lobbying on government procurements and procurement contracts. The Lobbying Law created two new sections in the State Finance Law: Section 139-j addresses restrictions on “contacts” during the procurement process; and Section 139-k addresses the disclosure of contacts and the responsibility of offerers<sup>1</sup> during the procurement process. In this regard, a procurement contract means a contract or agreement (including an amendment, extension, renewal or change order to an existing contract where such amendment, extension, renewal or change order is not authorized and payable under the terms of the contract) involving an estimated annual expenditure in excess of \$15,000 for a commodity, service, technology, public work or construction; purchase, sale, lease or acquisition of real property; or revenue contract.

In conformity with the Lobbying Law, during the restricted period<sup>2</sup> for an Authority procurement, an offerer may only make permissible “contacts” regarding such procurement, which means that the offerer shall contact only the Authority designated contact person(s) for that procurement. In this regard, “contact” means any oral, written or electronic communication with a governmental entity under circumstances where a reasonable person would infer that the communication was intended to influence the governmental entity’s conduct or decision regarding the Authority procurement. Exceptions to this rule include:

- submission of a written proposal in response to a Request for Proposals (RFP), Invitation for Bids (IFB) or any other solicitation method;
- submission of written questions as part of an RFP, IFB or other solicitation method where all written questions and written responses will be provided to all offerers;
- participation in a pre-proposal or pre-bid demonstration, conference or other exchange of information open to all bidders scheduled as part of an RFP, IFB or other solicitation process;

---

<sup>1</sup> An individual or entity, or any employee, agent, consultant or person acting on behalf of such individual or entity, that contacts the Authority about a procurement during the restricted period whether or not the caller has a financial interest in the outcome of the procurement. A governmental agency or its employees that communicates with the Authority regarding a procurement in the exercise of its oversight duties shall not be considered an offerer.

<sup>2</sup> The period of time commencing with the earliest written notice, advertisement or solicitation of a Request for Proposals (RFP), Invitation for Bids (IFB), or solicitation of proposals, or any other method for soliciting responses from offerers intending to result in a procurement contract with the Authority, and ending with the final contract award and approval by the Authority, and, where applicable, the State Comptroller.

- written complaints that the Authority designated contact for a procurement fails to respond in a timely manner to authorized offerer contacts;
- negotiation of procurement contract terms with the Authority following tentative award;
- contacts between designated Authority staff and an offerer to request the review of a procurement contract award;
- communications with the Authority regarding an appeal, protest or other review of a procurement, participation in an administrative or judicial proceeding regarding a procurement and complaints regarding a procurement made to the Attorney General, Inspector General, District Attorney or State Comptroller;
- communications between Authority staff and offerers that solely address the determination of vendor responsibility.
- communications relating to the Authority's procurement made pursuant to State Finance Law Section 162(1) undertaken by (i) the non-profit-making agencies appointed pursuant to Section 162(6)(e) by the Commissioner of the Office of Children and Family Services, the Commission for the Blind or the Commissioner of Education, and (ii) the qualified charitable non-profit-making agencies for the blind, and qualified charitable non-profit-making agencies for other severely disabled persons as identified in Section 162(2); provided, however, that any communications which attempt to influence the issuance or terms of the specifications that serve as the basis or bid documents, RFPs, IFBs, solicitations of proposals, or any other method for soliciting a response from offerers intending to result in a procurement contract with the Authority shall not be exempt;
- complaints by a Minority and Women-owned Business Enterprise (MWBE) entity to the MWBE statewide advocate concerning the Authority's failure to comply with the requirements of Executive Law Section 315; and,
- communications between the MWBE statewide advocate and the Authority in furtherance of the MWBE statewide advocate pursuant to Executive Law Section 312-a.

An offerer shall not, under any circumstance, attempt to influence an Authority procurement in a way that violates or attempts to violate: Public Officers Law Section 73(5), relating to gifts intended to influence; or Public Officers Law Section 74, relating to the code of ethics for employees of state agencies, public authorities and public benefit corporations, members of the New York State Legislature and Legislative employees.

An offerer who contacts the Authority designated contact person for a procurement during the restricted period must be prepared to provide the following information: name, address, telephone number, place of principal employment and occupation of the person or organization making the contact and whether the person/organization making the contact is the offerer or is retained, employed or designated by or on behalf of the offerer to appear before or contact the Authority about the procurement.

An offerer that submits a proposal, bid or other response to an Authority RFP, IFB or other solicitation method must: certify that it understands and agrees to comply with these Guidelines regarding permissible contacts during a procurement and the prohibition of inappropriate lobbying influence; and disclose whether any governmental entity has, within the prior four (4) years, found the offerer non-responsible due to a violation of the Lobbying Law or the intentional provision of false or incomplete information. Further, all Authority procurement contracts will contain: a certification by the offerer that all information provided to the Authority

with respect to the Lobbying Law is complete, true and accurate; and a provision authorizing the Authority to terminate the contract in the event such certification is found to be intentionally false or incomplete.

The Authority will investigate all allegations of violations of the Authority Guidelines regarding permissible contacts during a procurement and the prohibition of inappropriate lobbying influence. A finding that an offerer has knowingly and willfully committed such a violation may result in a determination that the offerer and its subsidiaries are non-responsible and therefore ineligible for award of the procurement contract. A second determination of non-responsibility for such a violation within four (4) years of the first such determination shall render the offerer and its subsidiaries ineligible to submit a bid or proposal or be awarded a procurement contract for four (4) years from the date of the second determination. The Authority will notify the New York State Office of General Services of any determinations of non-responsibility or debarments due to violations of the Lobbying Law.

These Guidelines and related forms are available on the Authority's website, [www.thruway.ny.gov](http://www.thruway.ny.gov), under Doing Business; Purchasing Services - Law, Policies and Procedures. Copies of Sections 73 and 74 of the Public Officer's Law are also available on the Joint Commission on Public Ethics website, [www.jcope.ny.gov](http://www.jcope.ny.gov), under Laws. If you require further guidance on the Lobbying Law, you are encouraged to visit the Advisory Council on Procurement Lobbying website at <https://ogs.ny.gov/acpl>, where the Lobbying Law and the Guidelines on Procurement Lobbying (Frequently Asked Questions) adopted by the Council are posted.

200 Southern Blvd.  
Albany, NY 12209

## CERTIFICATE OF COMPLIANCE WITH THE AUTHORITY GUIDELINES REGARDING PERMISSIBLE CONTACTS DURING A PROCUREMENT AND THE PROHIBITION OF INAPPROPRIATE LOBBYING INFLUENCE

To protect the integrity and fairness of the procurement process and maintain public confidence in the Thruway Authority's (Authority) stewardship role, all Authority procurement decisions must be based on the merits of proposals, free of any inappropriate lobbying influence. Toward that end, the Authority has adopted Guidelines Regarding Permissible Contacts During a Procurement and the Prohibition of Inappropriate Lobbying Influence (TAP-335), Guidelines with which all vendors/firms/proposers must comply. A copy of these Guidelines is available in the Purchasing Services section of the Authority's website at [www.thruway.ny.gov](http://www.thruway.ny.gov). Further, Authority funds may not be used to reimburse a vendor/firm for its outside lobbying expenses. Authority payments made under a contract cannot be used to pay outside lobbying costs and a vendor/firm is prohibited from seeking reimbursement of such costs.

or Detrimental Effect

## **Vendor Assurance of No Conflict of Interest or Detrimental Effect**

The undersigned entity (“Firm”), offering to provide services pursuant to this RFP, as a contractor, joint venture contractor, subcontractor, or consultant, attests that its performance of the services outlined in this RFP does not and will not create any actual or potential conflict of interest or appearance of impropriety, nor position the Firm to breach any other contract currently in force, with the New York State Thruway Authority (“Authority”).

Furthermore, the Firm attests that it will not act in any manner that is detrimental to any Authority project on which the Firm is rendering services. Specifically, the Firm attests and certifies that:

1. The fulfillment of obligations by the Firm, as proposed in the response, does not and will not violate any existing contracts or agreements between the Firm and the Authority;
2. The fulfillment of obligations by the Firm, as proposed in the response, does not and will not create any appearance of impropriety or actual or potential conflict of interest, or any perception thereof, with any current role or responsibility that the Firm has with regard to any existing contracts or agreements between the Firm and the Authority;
3. The fulfillment of obligations by the Firm, as proposed in the response, does not and will not compromise the Firm’s ability to carry out its obligations under any existing contracts between the Firm and the Authority;
4. The fulfillment of any other contractual obligations that the Firm has with the Authority will not affect or influence its ability to perform under any contract with the Authority resulting from this RFP;
5. During the negotiation and execution of any contract resulting from this RFP, the Firm will not knowingly take any action or make any decision which creates a potential for conflict of interest or might cause a detrimental impact to the Authority as a whole including, but not limited to, any action or decision to divert resources from one Authority project to another;

8. The Firm has not and shall not offer to any employee, member or director of the Authority any gift, whether in the form of money, service, loan, travel, entertainment, hospitality, thing or promise, or in any other form, under circumstances in which it could reasonably be inferred that the gift was intended to influence said employee, member or director, or could reasonably be expected to influence said employee, member or director, in the performance of the official duty of said employee, member or director, or was intended as a reward for any official action on the part of said employee, member or director.

The Firm expressly understands, acknowledges, and agrees that the Authority recognizes that conflicts may occur in the future because the Firm may have existing or new relationships. The Firm hereby expressly acknowledges and agrees it shall have a continuing affirmative duty and obligation to notify the Authority immediately of any actual or potential conflicts of interest or the perception thereof, and that failure to promptly provide such notice and information may serve as a basis for termination by the Authority of any Agreement resulting from this RFP. The Authority will review the nature of any such new relationship and reserves the right to reject the Firm's proposal in response to the RFP, or to terminate any contract resulting from this RFP for any reason, including for cause if, in its judgment, a real or potential conflict of interest cannot be cured.
