On 12/15/2025, the New York State Thruway Authority (“Authority”) issued a Request for Proposals (“RFP”) #25C26 for Legal Counsel Toll Collection. Pursuant to the RFP, all prospective Proposers were given an opportunity to submit written questions concerning this RFP to the Authority by 01/07/2026.

The Authority received the following questions and is providing the following responses in accordance with Section 1.4 of the RFP. Please note that similar questions have been grouped together to avoid repetition and to facilitate ease of review.

<u>Question #</u>	<u>RFP Page #</u>	<u>Section Reference</u>	<u>Bidder Question</u>	<u>Authority Response</u>
1	14	Section 3.1 - C.6	We consider our financial statements to be confidential, proprietary, trade secrets of the firm. Would the Authority permit us to upload our financials to a third-party secure website (SmartRoom) for the Authority’s authorized reviewers to access and review this information?	Yes, this is acceptable.
2	14	Section 3.1 - C.4	With regard to Question C4 on page 14 of the RFP, is it acceptable to provide a representative list of our litigation clients that meet the requested criteria rather than an entire list of all firm clients?	Yes, the RFP states a client list where the proposer provided similar services within the past five (5) years.
3	10	Section 2.4 - 2	To what extent will the location of the bidder’s proposed location or headquarters have a bearing on any award?	Counsel’s location/headquarters will not have any bearing on the award. However, Counsel must be able to appear in court on behalf of the Authority in any proceedings, including trial and appeals.
4		General	To how many vendors are you seeking to award a contract?	The Authority anticipates awarding this contract to one vendor, however, as stated in RFP section 4.6, the Authority reserves the right to make an award under the RFP in whole, or in part, to one Proposer or multiple Proposers.
5	6	Section 2.2 – Scope of Services	To what extent are these accounts owed by private consumers versus commercial businesses?	The Authority has 3 types of accounts: Private, Business (ranging from sole proprietorships to large businesses) and Commercial (large fleet accounts). The majority are private violation accounts - there are occurrences where businesses are registered as private and vice versa.

6	9	Section 2.2 – Task D	Will accounts be primary placements, not having been serviced by any other outside collection agency, and/or will you also be referring secondary placements? If so, should bidders provide proposed fees for secondary placements also?	Accounts that are placed with successful bidder will be recalled from the Authority's collection vendor. All fees must be included in your firm's fee proposal (see Attachment 1- Fee Proposal).
7		General	What billing servicer do you utilize?	The Authority utilizes Conduent to bill toll customers.
8	6	Section 2.2	Have all cases been fully adjudicated by the time of placement?	No, cases will be in an unpaid collection's status.
9		General	If applicable, will accounts held by any incumbent(s) or any backlog be moved to any new vendor(s) as a one-time placement at contract start up?	This is a new program, the Authority does not have a current/prior contract for this service.
10		General	What is your case management/accounting software system of record?	The Authority utilizes Conduent's back office system called Vector.
11		General	Who is your electronic payment/credit card processing vendor?	Please refer to <u>Open Book NY</u> for this information.
12	6	Section 2.2 – Task A	Can you please indicate what inbound and outbound contact methods, beyond phone calls or letters (such as email and text), would be permitted by the scope of work?	The Authority does not limit the proposers inbound and outbound contact methods.
13	4	Section 1.2	Please reconfirm the due date for this procurement by providing it in response to answers to questions.	The proposal due date is February 11, 2026 at 1:00p.m.
14		General	Why has this bid been re-released at this time? What happened with the previous version of this procurement?	The RFP was reissued to include the approximate dollar value of the debt eligible for collection. Providing this information ensures transparency and allows prospective firms to better assess the scope and potential of the engagement. By disclosing the estimated amount, the Authority will increase contracting opportunities and encourage broader participation.
15		General	When is the anticipated contract start date?	The Authority anticipates the start date of this contract to be in March 2026.
16	10	Section 2.3	Are bidders permitted to deviate in any way from any manner of quoting fees you may be expecting? For example, if there is a pricing page in the RFP, can bidders submit an alternate fee structure? If there is no pricing page in the RFP, do you have any preference for how bidders should quote fees or can bidders create their own pricing categories?	Please see section 2.3 Fee Proposal. Proposers must use Attachment 1 Fee Proposal to submit their pricing. No deviations allowed.

ARTICLE I - Background/Administrative Matters

Section 1.1 - Background

The New York State Thruway Authority (“Authority”) is seeking proposals from experienced and qualified legal services firms to serve as legal counsel for toll collection and related services on an “as needed” basis.

The Authority is a public corporation organized and existing pursuant to Article 2, Title 9 of the New York State Public Authorities Law for the purpose of financing, constructing, reconstructing, improving, developing, maintaining and operating a highway system known as the Governor Thomas E. Dewey Thruway. The powers of the Authority are vested in and exercised by a seven-member Board appointed by the Governor with the advice and consent of the State Senate.

The Thruway is a 570-mile superhighway system crossing the State. It is the longest toll superhighway system in the United States. The Thruway route from the New York City line to the Pennsylvania line at Ripley is 496 miles long and includes the 426-mile mainline connecting New York City and Buffalo, the State’s two largest cities. Other Thruway sections make direct connections with the Connecticut and Massachusetts Turnpikes, New Jersey Garden State Parkway and other major expressways that lead to New England, Canada, the Midwest and the South. In 1991 the Cross-Westchester Expressway was added to the Thruway system. In all, the Thruway is comprised of 2843 lane miles of roadway, 817 bridges, over 300 buildings, 134 interchanges, 35 tandem areas, 27 service areas, 3 welcome centers, nearly 120 water service facilities, 3 water treatment plants, 16 wastewater treatment plants and 40 motor fueling stations for Authority vehicles and equipment. Operationally, the Authority is segmented into four regional divisions – New York, Albany, Syracuse and Buffalo – with the Administrative Headquarters located in Albany.

For the purposes of this Request for Proposals (“RFP”), the term “Authority” shall mean the New York State Thruway Authority. The terms “Counsel” and “Contractor” shall mean the contractor selected pursuant to this RFP. “Proposer” shall mean a firm responding to this RFP.

ARTICLE II – Services Requested

Section 2.1 – Background

The services being requested are related to a new initiative for the Authority. The Authority has not awarded prior contracts for this service and as such, there is no historical data, prior contract information, prior billing information, incumbent provider to reference or reporting history to provide.

The New York State Thruway is a user-fee supported highway. The Authority receives no dedicated state, federal or local tax dollars to support the maintenance and operations of the 570-mile NYS Thruway. Since cashless tolling went live on the Authority's ticketed system in November 2020, more than 1.9 billion transactions have been successfully recorded. Tolls are assessed when a patron drives under a tolling gantry. The toll lane equipment reads information from an E-ZPass transponder located on the vehicle windshield to bill the customer using the customer's prepaid balance, or if an E-ZPass is not in the vehicle, a license plate will be read and a toll bill will be sent to the address on record with the applicable department of motor vehicles.

1. E-ZPass Accounts:

If a customer fails to replenish the prepaid balance on their account, the account balance falls into the negative. The New York Customer Service Center ("NYCSC") notifies the customer using their preferred communication method (SMS, Email or USPS). Once an account reaches a negative amount of (\$14.99) or more, the revocation warning is sent to the customer. If an account is in the negative for over 30 days, the NYCSC sends the customer an account revocation warning letter. If the customer still does not make payment within the next 30 days, the account is revoked – a revoke/final communication is sent. This customer is now a Tolls by Mail customer. As part of this process, the following fees are applied to the account: revocation fee (currently \$25). If payment is not received within 15 days, the account will be turned over to collections and a per tag charge of \$16 will be added to the account.

2. Unpaid Tolls by Mail Invoices:

A patron who does not have a valid E-ZPass account will be considered a Tolls by Mail customer. Using the License Plate image obtained from the toll lane, a Tolls by Mail invoice will be generated and mailed to the customer. The customer will have 30 days to pay the toll transactions listed on the invoice. If a payment is not received within 30 days, a second notice is mailed with a \$5 late fee applied to the invoice. If the 2nd invoice is not paid within 30 days, a violation fee of \$50 is assessed, the late fee is removed, and the associated tolls and violation fee is sent as a Notice of Violation. If the Notice of Violation is not paid within 15 days, the associated tolls and violation fee is placed in collections status, and the debt is placed with the Authority's collection vendor.

Existing Law Relative to Toll Evasion on Authority Facilities:

Toll evasion on Authority roadway is subject to the laws of New York, which include but are not limited to:

Public Authorities Law Sections 354(8) and 361, Vehicle and Traffic Law Section 1630 and 21 NYCRR 101.3.

Section 2.2 – Scope of Services

The services of Counsel shall generally consist of taking legal action against patrons that demonstrate a lack of responsiveness to efforts to collect unpaid tolls and violation fees. The current number of accounts available for placement is 54,000. The current total debt (toll & fees) available for placement is approximately \$187,000,000. The range of past due total debt (tolls & fees) at the account level is approximately \$500 to \$780,000, with an average balance of approximately \$3,500. The age of debt can be anywhere from 90 days and up to 6 years.

Services shall be performed on an “as needed” basis throughout the term of the Agreement. There is no guarantee that the Authority will request services to be performed by Counsel. The cases are not adjudicated and will be in unpaid status when services are requested.

Counsel shall take all legal steps required to collect past due balances including but not limited to customer outreach and contact, commencing litigation when necessary, and securing and forwarding payment to the Authority. Counsel shall provide written documentation of the specific services performed on a case-by-case basis. Specific toll violators and others chosen for action shall be identified by the Authority. Counsel shall negotiate settlements of unpaid tolls and violations as authorized by the Authority.

There are two general categories of toll violation matters that shall be referred to Counsel for legal action, following unsuccessful pursuit by the Authority’s collection agency. unpaid Tolls by Mail accounts and Negative Balance E-ZPass Accounts. This also includes the Authority’s right to terminate the Agreement at any time in the event the Authority finds that Contractor is non-responsible or has failed to accurately disclose vendor responsibility information. If the Authority exercises its right to terminate on account of a breach of the Agreement, the Authority may complete the contractual requirements in any manner it deems advisable and pursue available legal or equitable remedies for breach.

In the event the Authority exercises its right to postpone, suspend, abandon, or terminate the Agreement, Contractor must within ten (10) days of such postponement, suspension, abandonment, or termination deliver to the Authority all records, documents, and data pertaining to services rendered under the Agreement.

In the event the Authority exercises its right to postpone, suspend, abandon, or terminate the Agreement for convenience, due to no fault of Contractor, the Authority will fix the value of the work performed as of

such postponement, suspension, abandonment, or cancellation date, as verified by audit, and compensate Contractor accordingly.

Section 6.17 – General Responsibility Provisions

Contractor shall at all times during the term of the Agreement remain responsible. Contractor agrees if requested by the Authority to present evidence of their continuing legal authority to do business in New York State and integrity, experience, ability, prior performance, and organizational and financial capacity.

Section 6.18 – Force Majeure

The Contractor and the Authority shall each be excused from the performance of their respective obligations hereunder to the extent each party’s failure to perform such obligations is the result of acts of God, riots, insurrections, war, fire, casualty, earthquake, or other events that are beyond the reasonable control of the party seeking to be excused and that are not the fault of such party, including, but not limited to, the failure to exercise reasonable diligence. Further: (i) the party seeking to excuse performance must make good faith and reasonable efforts to meet its obligations hereunder; and (ii) only those services affected by the Force Majeure event shall be excused and only during such time that the Force Majeure event prevents those services from being performed. Notwithstanding anything to the contrary contained herein, and, for clarity, the Authority shall not be obligated to pay the Contractor for a service affected by Force Majeure so long as the Contractor is unable to deliver the affected service. If the Authority has paid in advance for such service, the Contractor shall promptly refund the Authority the amount attributable to service. The occurrence of a pandemic shall not relieve Contractor from its obligations under the Agreement.

Thruway Authority Contracts

APPENDIX A**Standard Clauses For New York State Thruway Authority Contracts**

The parties to the attached contract, license, lease, amendment or other agreement of any kind (“the contract” or “this contract”) agree to be bound by the following clauses which are hereby made a part of the contract (the word “Contractor” herein refers to any party and its agents, successors and assigns, other than the Thruway Authority (“Authority”), whether a contractor, licensor, licensee, lessor, lessee or any other party):

1. **NON-ASSIGNMENT CLAUSE.** This contract may not be assigned by the Contractor nor may its right, title or interest therein be assigned, transferred, conveyed, subcontracted, sublet or otherwise disposed of without the previous consent, in writing, of the Authority and any attempts to assign the contract without the Authority’s written consent are null and void.

2. **COMPTROLLER APPROVAL.** Where required by law, this contract may require approval of the State Comptroller and shall not be valid until it has been approved by the State Comptroller and filed in its office.

3. **WORKERS’ COMPENSATION AND DISABILITY BENEFITS.** This contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the State Workers’ Compensation Law. If employees will be working on, near or over navigable waters, a U.S. Longshore and Harbor Workers’ Compensation Act endorsement must be included.

4. **NON-DISCRIMINATION REQUIREMENTS.** To the extent required by Article 15 of the State Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex (including gender identity or expression), national origin, sexual orientation, military status, age, disability, predisposing genetic characteristics, marital status or domestic violence victim status or because the individual has opposed any practices forbidden under the Human Rights Law or has filed a complaint, testified, or assisted in any proceeding under the Human Rights Law. Furthermore, in accordance with State Labor Law §220-e, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, disability, sex or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and

available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in State Labor Law §230, then, in accordance with §239 thereof, the Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. The Contractor is subject to fines of \$50 per person per day for any violation of State Labor Law §§220-e or 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

5. **WAGE AND HOURS PROVISIONS.** If this is a public work contract covered by Article 8 of the State Labor Law or a building service contract covered by Article 9 thereof, neither the Contractor’s employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the State Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, the Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the State Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the New York State Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with subdivision 3-a of §220 of the New York State Labor Law shall be a condition precedent to payment by the Authority of any Authority approved sums due and owing for work done on the project.

6. **NON-COLLUSIVE BIDDING CERTIFICATION.** In accordance with State Public Authorities Law §2878, if this contract was awarded based upon the submission of bids, the Contractor warrants, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. The Contractor further warrants that, at the time the Contractor submitted its bid, an authorized and responsible person executed and delivered to the Authority a non-collusive bidding certification on the Contractor’s behalf.

7. **INTERNATIONAL BOYCOTT PROHIBITION.** In accordance with State Labor Law §220-f, if this contract exceeds \$5,000, the Contractor agrees, as a material condition of this contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership, or corporation has participated, is participating, or shall

participate in an international boycott in violation of the Federal Export Administration Act of 1979 (50 USC App. §§2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of the Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the Authority within five (5) business days of such conviction, determination or disposition of appeal.

8. **SET-OFF RIGHTS.** The Authority shall have rights of set-off. These rights shall include, but not be limited to, the Authority's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing by the Contractor to the Authority with regard to this contract, or any other contract with the Authority, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the Authority for any other reason including, without limitation, monetary penalties, adjustments, fees, or claims for damages by the Authority and third parties in connection therewith.

9. **RECORDS.** The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (collectively, "Records") for a period of six (6) years (or any other longer period required by law) following final payment or the termination of this contract, whichever is later, and any extensions thereto. The Authority, State Comptroller, State Attorney General and any other person or entity authorized to conduct an examination shall have access to the Records during normal business hours at an office of the Contractor within New York State, or, if no such office is available, at a mutually agreeable and reasonable venue within the State, during the contract term, any extensions thereof and said six (6) year period thereafter, for purposes of inspection, auditing and copying. As used in this clause, "termination of this contract" shall mean the later of completion of the work of the contract or the end date of the term stated in the contract. The Authority will take reasonable steps to protect from public disclosure those Records which are exempt from disclosure under State Public Officers Law §87 ("Statute") provided that: (i) the Contractor shall timely inform an appropriate Authority official, in writing, that said records should not be disclosed; (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the Authority's right to discovery in any pending or future litigation.

10. **IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION.** All invoices or New York State standard vouchers submitted for payment for the sale of goods or services or the lease of real or personal property to the

Authority must include the payee's identification number, i.e., the seller's or lessor's identification number. The number is either the payee's Federal employer identification number or Federal social security number, or both such numbers when the payee has both such numbers. Failure to include this number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or New York State standard voucher, must give the reason or reasons why the payee does not have such number or numbers.

The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in State Tax Law §5. Disclosure of this information by the seller or lessor to the Authority is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the State Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law.

The above personal information is maintained at the New York State Thruway Authority, Department of Finance and Accounts, P.O. Box 189, Albany, New York 12201.

11. **EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN.** In accordance with State Executive Law §312, if this contract is: (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of \$25,000, whereby the Authority is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the Authority; or (ii) a written agreement in excess of \$100,000 whereby the Authority is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of \$100,000 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, or major repair or renovation of real property and improvements thereon for such project, then the following shall apply and by signing this contract the Contractor certifies and affirms that it is Contractor's equal employment opportunity policy that:

(a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability, or marital status, and shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on Authority contracts and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal

employment opportunities without discrimination. As used in this clause, "affirmative action" shall mean recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, lay-off or termination, and rates of pay or other forms of compensation.

(b) At the request of the Authority, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status, and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that in the performance of this contract all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

The Contractor shall include the provisions of (a), (b) and (c) above in every subcontract over \$25,000 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon except where such work is for the beneficial use of the Contractor. Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The Authority will consider compliance by a Contractor or its subcontractor with the requirements of any Federal law concerning equal employment opportunity which effectuates the purpose of this section. The Authority shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such Federal law, and if such duplication or conflict exists, the Authority may waive the applicability of §312 of the Executive Law to the extent of such duplication or conflict. The Contractor shall comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development's Division of Minority and Women's Business Development pertaining thereto.

12. CONFLICTING TERMS. In the event of a conflict between the terms of the contract (including any and all attachments thereto and amendments thereof) and the terms of this Appendix A, the terms of this Appendix A shall control.

13. GOVERNING LAW. This contract shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

14. LATE PAYMENT. Timeliness of payment and any interest to be paid to the Contractor for late payment shall be governed by State Public Authorities Law §2880 and 21 NYCRR Part 109.

15. NO ARBITRATION. Disputes involving this contract, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily authorized) but must, instead, be heard in a court of competent jurisdiction of the State of New York.

In addition to the methods of service allowed by the State Civil Practice Law & Rules, the Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon the Contractor's actual receipt of process or upon the Authority's receipt of the return thereof by the United States Postal Service as refused or undeliverable. The Contractor must promptly notify the Authority, in writing, of each and every change of address to which service of process can be made. Service by the Authority to the last known address shall be sufficient. The Contractor will have thirty (30) calendar days after service hereunder is complete in which to respond.

17. PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS. The Contractor certifies and warrants that all wood products to be used under this contract will be in accordance with, but not limited to, the specifications and provisions of State Finance Law §165 (Use of Tropical Hardwoods) which prohibits purchase and use of tropical hardwoods, unless specifically exempted, by the State or any governmental agency or political subdivision or public benefit corporation. Qualification for an exemption under this law will be the responsibility of the Contractor to establish to meet with the approval of the Authority.

In addition, when any portion of this contract involving the use of woods, whether supply or installation, is to be performed by any subcontractor, the prime Contractor will indicate and certify in the submitted bid proposal that the subcontractor has been informed and is in compliance with specifications and provisions regarding use of tropical hardwoods as detailed in State Finance Law §165. Any such use must meet with the approval of the Authority; otherwise, the bid may not be considered responsive. Under bidder certifications, proof of qualification for exemption will be the responsibility of the Contractor to meet with the approval of the Authority.

In accordance with the MacBride Fair Employment Principles (Chapter 807 of the Laws of 1992), the Contractor hereby stipulates that the Contractor either (a) has no business operations in Northern Ireland, or (b) shall take lawful steps in good faith to conduct any business operations in Northern Ireland in accordance with the MacBride Fair Employment Principles (as described in State Finance Law §165), and shall permit independent monitoring of compliance with such principles.

political subdivision that penalizes New York State vendors, and if the goods or services they offer will be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapters 684 and 383, respectively) require that they be denied contracts which they would otherwise obtain. 22. IRAN DIVESTMENT ACT. In accordance with State Public Authorities Law §2879-c, if this is a contract for work or services performed or to be performed, or goods sold or to be sold, the Contractor subscribes and affirms, under penalty of perjury, that: by signing this contract, each person and each person signing on behalf of any other party certifies, and in the case of a joint bid or partnership each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each person is not on the list created pursuant to paragraph (b) of subdivision 3 of §165-a of the State Finance Law, entitled "Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012" ("Prohibited Entities List") posted at: <https://ogs.ny.gov/list-entities-determined-be-non-responsive-biddersofferers-pursuant-nys-iran-divestment-act-2012>.

For the purposes of this clause, the term "person" shall be as defined in subdivision (1)(e) of §165-a of the State Finance Law.

Contractor further certifies that it will not utilize on this contract any subcontractor that is identified on the Prohibited Entities List. Contractor agrees that should it seek to renew or extend this contract, it must provide the same certification at the time the contract is renewed or extended. Contractor also agrees that any proposed Assignee of this contract will be required to certify that it is not on the Prohibited Entities List before the contract assignment will be approved by the Authority.

During the term of the contract, should the Authority receive information that a person (as defined in State Finance Law § 165-a) is in violation of the above-referenced certifications, the Authority will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then the Authority shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

27. CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS. material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if the Authority determines that such action is in the best interest of the Authority.

	POLICIES – ADMINISTRATIVE	
APPROVED BOARD MEETING NUMBER: 651 RESOLUTION NUMBER: 5519 DATE: July 6, 2006	SUBJECT INVENTIONS – THRUWAY AUTHORITY	

GENERAL POLICY

A. PURPOSE

The New York State Thruway Authority ("Authority") recognizes that inventions of value to the public will be made by persons working in its facilities. The purpose of this Policy is to encourage creativity and to take appropriate steps to ensure that the public receives the benefits of inventions conceived or reduced to practice by Authority employees and contractors. Appropriate steps include identifying inventions, securing appropriate patents and copyright registrations, and marketing inventions through licensing and other arrangements. These activities are undertaken in a spirit of cooperation with governmental agencies, private enterprise and staff as part of the Authority's mission and statutory obligations.

B. SCOPE

This Policy shall apply to all of the Authority's employees and contractors, provided that nothing herein shall preclude the contractor from otherwise using the related or underlying general knowledge, skills, ideas, concepts, techniques and experience developed under a project in the course of the contractor's business.

C. POLICY

All inventions, as defined below, shall be the property of the Authority. The inventor, when so instructed by Authority officials, shall make timely application for statutory protection (such as patent, copyright or similar forms of protection) of an invention at the Authority's expense. The inventor shall assign all resulting statutory protection to the Authority. Additionally, the Authority shall have all rights to all inventions conceived or reduced to practice in the course of projects under contract to the Authority.

1. Invention

For the purposes of this Policy, an "invention" shall include products, technical innovations, improvements, inventions, discoveries, devices, methods, computer software, videos, as well as writings and other information in various forms not generally known, whether or not protectable by patent or copyright, when they result from Authority work performed by the inventor, or when they are conceived or reduced to practice by persons using Authority equipment, facilities, time, material, money or personnel.

2. Inventor

An inventor is an employee, former employee, contractor or former contractor of the Authority who conceives of an invention, as defined above, or who reduces such invention to practice. The intent of this Policy is to include former employees and former contractors as inventors with respect to inventions they conceived or reduced to practice while employed by, or under contract to, the Authority.

D. IMPLEMENTING PROVISIONS

1. Disclosure of Invention

Inventions are considered trade secrets of the Authority and are thereby designated as confidential. Inventions must be promptly disclosed to the Authority and shall not be published or disclosed to anyone outside the employ of the Authority without written permission from the Authority.

3. Ownership of Patents and Copyrights

The inventor shall assign all inventions, applications for patent protection, copyrights and registrations to the Authority and shall execute all other required documents to pursue applications and to vest title in the Authority. The processing costs for obtaining patent or copyright protection shall be the responsibility of the Authority (except see 4 below). When a question is raised regarding ownership of an invention, the matter shall be referred to the Executive Director of the Authority or the Executive Director's designee. The Executive Director or designee shall review the circumstances under which the invention was made. If the Executive Director or designee determines that the invention is not covered by this Policy, the Authority will assert no claim to the invention and will advise the inventor accordingly in writing.

4. Release of Invention to Inventor

The Executive Director or designee will decide whether or not to patent and whether or not to commercialize any invention. The inventor will be notified if it is determined that the Authority will not apply for patent protection for an invention. The inventor may then request in writing that the invention be released. If the request is granted, all of the Authority's rights to the invention shall be released to the inventor, subject to a reservation by the Authority of a nonexclusive, irrevocable, paid-up license to practice or use the invention or to have the invention practiced or used on behalf of the Authority. Such license shall include the right to grant sublicense(s) to other government entities. The inventor may then apply for patent protection at the inventor's own expense.

5. Administration of Policy

The Executive Director may interpret, implement and administer this Policy, including the development of operational and/or administrative procedures necessary to carry out its intent. In addition, the Executive Director or designee shall have the authority to waive the application of all or any portion of this Policy where it is in the Authority's best interests. Any such waiver shall be in writing.

APPENDIX D

Network Connection Requirements

NEW YORK STATE THRUWAY AUTHORITY
NETWORK CONNECTION REQUIREMENTS

A. Permissible Access

The Authority will limit access to a Network Connection to those services and devices (hosts, routers, etc.) needed. Blanket access will not be provided.

The Authority does not allow a Network Connection to be used as Outside Entity's Internet connection.

B. Connectivity Options

The following connectivity options are the standard methods of providing an Outside Entity with an external connection to the Authority's data communications network ("Network Connection"). Anything that deviates from these standard methods must be approved in advance by the Authority.

- 1) Encrypted Tunnel – The preferred connectivity method is via the Internet to an Authority Virtual Private Network (VPN) device. The Authority may loan Outside Entity the required client software for establishing VPN connections with the Authority. The Authority's perimeter security measures will control access to the internal network.
- 2) NYeNet/MAN Connection – This can include a VPN.
- 3) Leased Circuit.
- 4) Fiber.

C. Authentication of Network Connection

Outside Entity must authenticate its Network Connection using Authority authentication systems. All Outside Entity remote access user accounts will have an expiration time consistent with the business justification for the access, which can be renewed at the discretion of the Authority. If the contract term is longer than one year, then Outside Entity must generate a report at least once per year showing which Outside Entity employees have access to the Network Connection and send such report to the Authority for verification and review. Further, any time there is a change in those Outside Entity employees who have access to the Network Connection, Outside Entity shall send the Authority an updated list of those Outside Entity employees who have such access.

D. Current Software Versions Required

Outside Entity must, for all computers it utilizes for a Network Connection, employ software versions that are currently supported by the software manufacturer. Outside Entity must apply all available security updates and hot fixes for that software in a timely fashion.

All Outside Entity software and firmware utilized for a Network Connection must be kept up to date, especially with patches that fix security vulnerabilities.

NEW YORK STATE THRUWAY AUTHORITY

E. Virus Protection

Outside Entity must install and enable anti-virus software on all computers utilized for a Network Connection and keep such virus definition files up to date.

F. Protection of Authority Information and Resources

The Authority will implement all security measures it determines appropriate to protect the integrity and confidentiality of Authority confidential information.

The Authority will implement appropriate "Access Control Lists" (ACLs) on the Authority network devices to which the Outside Entity sites are connected. The ACLs will restrict access to pre-defined hosts within the internal Authority network.

In the event the Authority agrees to loan to Outside Entity certain Authority equipment and/or software ("Authority-owned Equipment") to facilitate the Network Connection, the Authority will provide Outside Entity with enable-level access only to those Outside Entity employees necessary to the installation, operation and maintenance of the Network Connection. All other Outside Entity employees will have restricted access/read-only access to the routers at their site and will not be allowed to make configuration changes.

Outside Entity shall be solely responsible for providing the appropriate security measures to ensure protection of its internal network and information. The Authority shall not have any responsibility for ensuring the protection of Outside Entity information.

G. Security Incident Notification and Resolution

Outside Entity is responsible for notifying the Authority upon discovery of any security incident that may threaten or compromise the confidentiality, integrity or availability of Authority information or network infrastructure. Outside Entity shall, at a minimum, report the following to the Authority: 1) successful or unusually persistent attempts to gain unauthorized information or system access; 2) presence of malicious code that has a widespread impact throughout Outside Entity's network infrastructure; 3) a known or suspected denial of service attack; and 4) scans and probes that precede or are related to a security incident listed above.

Once it has resolved the security incident, Outside Entity must also report the following to the Authority: 1) attack source details (i.e., IP address, method, vulnerability exploited, etc.); 2) the specific effects (i.e., loss, damage, destruction, modification, disclosure) on systems, accounts or information assets resulting from the threat or compromise; and 3) actions taken to remediate the security incident.

NEW YORK STATE THRUWAY AUTHORITY

H. Audit and Review of Outside Entity Network Connections

The Authority shall have the right at all times to monitor all aspects of Network Connections. The Authority will employ automated tools to accomplish monitoring tasks where practicable. The Authority will generate an annual report on its authentication database showing the specific Outside Entity login entries and distribute such reports to appropriate Authority personnel for review. The Authority will periodically audit Network Connections and distribute such audits to appropriate Authority personnel for review.

The Authority will review all Network Connections on an annual basis and update or terminate such connections when appropriate.

Thruway Authority Guidelines Regarding Permissible
Contacts During a Procurement and
the Prohibition of Inappropriate Lobbying Influence

New York State Thruway Authority

Guidelines Regarding Permissible Contacts During a Procurement and the Prohibition of Inappropriate Lobbying Influence

Chapter 1 of the Laws of 2005, as amended (referred to as the “Lobbying Law”), enacted major changes to the Legislative Law and State Finance Law relative to lobbying on government procurements and procurement contracts. The Lobbying Law created two new sections in the State Finance Law: Section 139-j addresses restrictions on “contacts” during the procurement process; and Section 139-k addresses the disclosure of contacts and the responsibility of offerers¹ during the procurement process. In this regard, a procurement contract means a contract or agreement (including an amendment, extension, renewal or change order to an existing contract where such amendment, extension, renewal or change order is not authorized and payable under the terms of the contract) involving an estimated annual expenditure in excess of \$15,000 for a commodity, service, technology, public work or construction; purchase, sale, lease or acquisition of real property; or revenue contract.

In conformity with the Lobbying Law, during the restricted period² for an Authority procurement, an offerer may only make permissible “contacts” regarding such procurement, which means that the offerer shall contact only the Authority designated contact person(s) for that procurement. In this regard, “contact” means any oral, written or electronic communication with a governmental entity under circumstances where a reasonable person would infer that the communication was intended to influence the governmental entity’s conduct or decision regarding the Authority procurement. Exceptions to this rule include:

- submission of a written proposal in response to a Request for Proposals (RFP), Invitation for Bids (IFB) or any other solicitation method;
- submission of written questions as part of an RFP, IFB or other solicitation method where all written questions and written responses will be provided to all offerers;
- participation in a pre-proposal or pre-bid demonstration, conference or other exchange of information open to all bidders scheduled as part of an RFP, IFB or other solicitation process;

¹ An individual or entity, or any employee, agent, consultant or person acting on behalf of such individual or entity, that contacts the Authority about a procurement during the restricted period whether or not the caller has a financial interest in the outcome of the procurement. A governmental agency or its employees that communicates with the Authority regarding a procurement in the exercise of its oversight duties shall not be considered an offerer.

² The period of time commencing with the earliest written notice, advertisement or solicitation of a Request for Proposals (RFP), Invitation for Bids (IFB), or solicitation of proposals, or any other method for soliciting responses from offerers intending to result in a procurement contract with the Authority, and ending with the final contract award and approval by the Authority, and, where applicable, the State Comptroller.

- written complaints that the Authority designated contact for a procurement fails to respond in a timely manner to authorized offerer contacts;
- negotiation of procurement contract terms with the Authority following tentative award;
- contacts between designated Authority staff and an offerer to request the review of a procurement contract award;
- communications with the Authority regarding an appeal, protest or other review of a procurement, participation in an administrative or judicial proceeding regarding a procurement and complaints regarding a procurement made to the Attorney General, Inspector General, District Attorney or State Comptroller;
- communications between Authority staff and offerers that solely address the determination of vendor responsibility.
- communications relating to the Authority's procurement made pursuant to State Finance Law Section 162(1) undertaken by (i) the non-profit-making agencies appointed pursuant to Section 162(6)(e) by the Commissioner of the Office of Children and Family Services, the Commission for the Blind or the Commissioner of Education, and (ii) the qualified charitable non-profit-making agencies for the blind, and qualified charitable non-profit-making agencies for other severely disabled persons as identified in Section 162(2); provided, however, that any communications which attempt to influence the issuance or terms of the specifications that serve as the basis or bid documents, RFPs, IFBs, solicitations of proposals, or any other method for soliciting a response from offerers intending to result in a procurement contract with the Authority shall not be exempt;
- complaints by a Minority and Women-owned Business Enterprise (MWBE) entity to the MWBE statewide advocate concerning the Authority's failure to comply with the requirements of Executive Law Section 315; and,
- communications between the MWBE statewide advocate and the Authority in furtherance of the MWBE statewide advocate pursuant to Executive Law Section 312-a.

An offerer shall not, under any circumstance, attempt to influence an Authority procurement in a way that violates or attempts to violate: Public Officers Law Section 73(5), relating to gifts intended to influence; or Public Officers Law Section 74, relating to the code of ethics for employees of state agencies, public authorities and public benefit corporations, members of the New York State Legislature and Legislative employees.

An offerer who contacts the Authority designated contact person for a procurement during the restricted period must be prepared to provide the following information: name, address, telephone number, place of principal employment and occupation of the person or organization making the contact and whether the person/organization making the contact is the offerer or is retained, employed or designated by or on behalf of the offerer to appear before or contact the Authority about the procurement.

An offerer that submits a proposal, bid or other response to an Authority RFP, IFB or other solicitation method must: certify that it understands and agrees to comply with these Guidelines regarding permissible contacts during a procurement and the prohibition of inappropriate lobbying influence; and disclose whether any governmental entity has, within the prior four (4) years, found the offerer non-responsible due to a violation of the Lobbying Law or the intentional provision of false or incomplete information. Further, all Authority procurement contracts will contain: a certification by the offerer that all information provided to the Authority

with respect to the Lobbying Law is complete, true and accurate; and a provision authorizing the Authority to terminate the contract in the event such certification is found to be intentionally false or incomplete.

The Authority will investigate all allegations of violations of the Authority Guidelines regarding permissible contacts during a procurement and the prohibition of inappropriate lobbying influence. A finding that an offerer has knowingly and willfully committed such a violation may result in a determination that the offerer and its subsidiaries are non-responsible and therefore ineligible for award of the procurement contract. A second determination of non-responsibility for such a violation within four (4) years of the first such determination shall render the offerer and its subsidiaries ineligible to submit a bid or proposal or be awarded a procurement contract for four (4) years from the date of the second determination. The Authority will notify the New York State Office of General Services of any determinations of non-responsibility or debarments due to violations of the Lobbying Law.

These Guidelines and related forms are available on the Authority's website, www.thruway.ny.gov, under Doing Business; Purchasing Services - Law, Policies and Procedures. Copies of Sections 73 and 74 of the Public Officer's Law are also available on the Joint Commission on Public Ethics website, www.jCOPE.ny.gov, under Laws. If you require further guidance on the Lobbying Law, you are encouraged to visit the Advisory Council on Procurement Lobbying website at <https://ogs.ny.gov/acpl>, where the Lobbying Law and the Guidelines on Procurement Lobbying (Frequently Asked Questions) adopted by the Council are posted.

To protect the integrity and fairness of the procurement process and maintain public confidence in the Thruway Authority's (Authority) stewardship role, all Authority procurement decisions must be based on the merits of proposals, free of any inappropriate lobbying influence. Toward that end, the Authority has adopted Guidelines Regarding Permissible Contacts During a Procurement and the Prohibition of Inappropriate Lobbying Influence (TAP-335), Guidelines with which all vendors/firms/proposers must comply. A copy of these Guidelines is available in the Purchasing Services section of the Authority's website at www.thruway.ny.gov. Vendor Assurance of No Conflict of Interest or Detrimental Effect

The undersigned entity (“Firm”), offering to provide services pursuant to this RFP, as a contractor, joint venture contractor, subcontractor, or consultant, attests that its performance of the services outlined in this RFP does not and will not create any actual or potential conflict of interest or appearance of impropriety, nor position the Firm to breach any other contract currently in force, with the New York State Thruway Authority (“Authority”).

Furthermore, the Firm attests that it will not act in any manner that is detrimental to any Authority project on which the Firm is rendering services. Specifically, the Firm attests and certifies that:

1. The fulfillment of obligations by the Firm, as proposed in the response, does not and will not violate any existing contracts or agreements between the Firm and the Authority;
2. The fulfillment of obligations by the Firm, as proposed in the response, does not and will not create any appearance of impropriety or actual or potential conflict of interest, or any perception thereof, with any current role or responsibility that the Firm has with regard to any existing contracts or agreements between the Firm and the Authority;
3. The fulfillment of obligations by the Firm, as proposed in the response, does not and will not compromise the Firm’s ability to carry out its obligations under any existing contracts between the Firm and the Authority;
4. The fulfillment of any other contractual obligations that the Firm has with the Authority will not affect or influence its ability to perform under any contract with the Authority resulting from this RFP;
5. During the negotiation and execution of any contract resulting from this RFP, the Firm will not knowingly take any action or make any decision which creates a potential for conflict of interest or might cause a detrimental impact to the Authority as a whole including, but not limited to, any action or decision to divert resources from one Authority project to another;
6. 8. The Firm has not and shall not offer to any employee, member or director of the Authority any gift, whether in the form of money, service, loan, travel, entertainment, hospitality, thing or promise, or in any other form, under circumstances in which it could reasonably be inferred that the gift was intended to influence said employee, member or director, or could reasonably be expected to influence said employee, member or director, in the performance of the official duty of said employee, member or director, or was intended as a reward for any official action on the part of said employee, member or director.

The Firm expressly understands, acknowledges, and agrees that the Authority recognizes that conflicts may occur in the future because the Firm may have existing or new relationships. The Firm hereby expressly acknowledges and agrees it shall have a continuing affirmative duty and obligation to notify the Authority immediately of any actual or potential conflicts of interest or the perception thereof, and that failure to promptly provide such notice and information may serve as a basis for termination by the Authority of any Agreement resulting from this RFP. The Authority will review the nature of any such new relationship and reserves the right to reject the Firm's proposal in response to the RFP, or to terminate any contract resulting from this RFP for any reason, including for cause if, in its judgment, a real or potential conflict of interest cannot be cured.

Gender-Based Violence and the Workplace Certification

Gender-Based Violence and the Workplace Certification

New York State Finance Law §139-M requires bidders on competitive state procurements to certify that they have a written policy addressing gender-based violence and the workplace and that such policy meets the following minimum requirements:

- **Share Information:** Employers must provide information regarding gender-based violence where employees can see and access it, including displaying the NYS Domestic and Sexual Violence Hotline information and a gender-based violence and the workplace poster.
- **Refer Employee-Survivors to Services:** The policy must require that the employer refer employees who disclose current or past victim status to the NYS Domestic and Sexual Violence Hotline and/or a local service provider. For bidders outside of New York State, referrals should be made to a local provider or statewide hotline. While referrals are required to be provided by the employer, it is not required for the employee to access services.
- **Prohibit Retaliation:** The policy must clearly state that discrimination or retaliation against employees who identify as victims or survivors of gender-based violence is prohibited.
- **Comply with Laws:** Ensure your policy follows State law. For employers based in New York State, this means that the policy must follow the SAFE Leave Act, New York State Human Rights Law, and any other relevant laws and regulations.
